## **10 Best** **SAN JUAN** **BOATING SPOTS**

Ranked by Travel & Leisure as one of the top 10 island destinations in the U.S., Our San Juan Islands offer a boater's consummate playground. The island's rich history, natural beauty, rare wildlife, and secluded anchorages make this emerald green paradise a must-see for boaters all over the world. San Juan Islands are welcoming visitors, marinas are open at 50% capacity, many restaurants are open for outdoor seating and takeout, and the State Parks are open for recreation. Regardless of your interests—the San Juans have something for you. Tour an eerie mausoleum at Roche Harbor, spot exotic goats along the savannah-like coast of Spieden Island, enjoy a seafood dinner on the deck at Roche Harbor, Birdwatching at a secluded sand spit, or spot orca whales off beautiful cliffside vistas. The opportunities and adventures are endless!
