Can We Find You in an Emergency?

When seconds count it is vital that our responders get to you as quickly as possible. Often those efforts are delayed by poorly marked houses or in some cases not having any numbers at all. Are your house numbers visible from the street? Is it time to replace those old faded out mailbox numbers with new ones? Help us to find you in an emergency.

Free Smoke Detectors

The Fire Department has free smoke detectors available with a ten-year lithium battery. Stop by and get yours today. Limit of three per home please.

New Fire Station Update

The Fire District continues to work through the permit process. We now have "will serve" letters for water and the septic tank permits. We are currently waiting for SEPA (State Environmental Policy Act) and Conditional Use permits before we are allowed to move forward.

Outdoor Burning Restrictions

The Fire Department would like to remind resident that all yard and beach debris fires are illegal in Fire District #17. Only beach and recreational campfires consisting of either charcoal or split dry firewood and in an approved enclosure are permitted. It is important to know the regulations as the fire department issues fines and fees for responding to illegal fires and they are very expensive. For more information, visit the Sandy Point website and click on the Fire Department link or call the Fire District office at (360) 384-1480.
